**** (8) 1-5-82 Archangel Michael, letter (from Jim) to John. *Explaining the original symbol***

The 6-pointed star: John, Lynn, Chuck, Mike, Jesus, Zoser

Wrapping up this end-or-1981 series of channelings, By January 5, 1982, Jim is back home and writes a letter,

placing John/Lynn (together?), Mike Gergely, Chuck Spence, and Jim, Jesus and Zoser, on a mystical hexagram (**This Relates to the Fetzer Logo** with an explanation of upward and downward triangles)

P. 2 (listed as P. 29), par 1. ... **The coming together of two energies as one, spiritually, that of John and Lynne, was a spiritual marriage of energy which has produces a spiritual child, the foundation.** ... we have brought John and Lynn together to give forth birth to this foundation. Then we brought forth Mike and Chuck to serve as focuses for the Foundation's energy. Thus we have a triangle, a trinity of energies [a upward triangle of John/Lynn at the apex, Mike, Chuck at the lower corners].

P. 2 (listed as P. 29), par 2. The upward triangle is outer service, the downward triangle is inner service. The three points or focus ...

P. 3 (listed as P. 30), par 1. ... of energy are: Jim at the base (lowest point) with Master Jesus at one point representing the Michael energies and hierarchy, and yet another Master whose identity will be released later (Master Zoser). thus we have ... (the sketch - the 6 pointed star).

**** (9) 3-2-82 Letter from Jim to John ... The Foundation Symbol ... Dear John ... signed Cato. Cato explains who he is (13 times Pharaoh). And reminds John of the purpose of the Foundation. Devices again. And says Jim must rest...**

"First Cato wishes to say a few words"

Par 3: I served as pharaoh 13 times ...

Par 4: "I will help inspire the many new designs for devices of the future. Also, I inspired through Jim the design of the Foundation, along with Hierarchy. Upon the seal you may place the letters of the Foundation, JFF... I will try to guide you and your artist in the final drawing. ... Jim is one of my links with this plane so I will often share through him to you ... Enough for now, Jim is tired and we must now let him rest."

Par 6: Remember ... the Foundation is to be a center where all ideas are taken into account, medical and non-medical, mechanical and medicinal, secular and religious, to find the key for the healing of the whole man. Don't get sidetracked from this goal ... Enough for now, Jim is tired and we must now let him rest.

**** (10) 3-4-82 Letter to John from Jim/Cato. Jim cutting down his work hours; Cato stressing the Foundation's goal - new and better ideas in the art of healing today**

P. 1, par 3: "Cutting my hours at the night job down..."

P. 1, par 6: Cato: "The Foundation's goals are ... mainly aimed at education of the medical and non-medical people that there are new and better ideas in the art of healing today..." "Psychic research will come out of the study of healers ... also spiritual study will stem from research into Spiritual "Direct Healings"..."

****This Relates to the Fetzer Logo****

P. 3 (listed as P. 48), par 2. "Meditation is the pathway into light

P. 1, par 6. "...we are waiting for each of you to bring into focus more clearly the overall picture we have projected for the Foundation ...

P. 1, par 7. Already because of the wavering of some in the Foundation to make certain decisions about necessary steps for a forward movement, we have had to force certain situations on you ..."

8-14-82, beginning. ""It has now come time that as a group the Group will and purpose must be declared. This declaration should be drawn up by all of you as a collective consciousness so that the energies may begin to harmonize and flow more evenly. This declaration will announce to the universe your ideals and intentions for the group and the foundation and in this way you each will have a focus to work from. A statement of this declaration then should open each group meeting to help align the group and the Council and all those in the universe who wish to take part in your endeavors.

Jim astral travels into it, is taken onto a ITS, and is told about the source of its energy**

P. 5, par 3: "...There is an energy which acts like a glue which holds matter together and is the force field which holds the structure of the atom together. Through the study of solar winds, magnetic fields and gravity will come some of the answers. ...

P. 5, par 5: "With these studies will come yet another source of energy, that being from sound and light frequencies.

BTW, in Box #2 in the Vault there's a channeling from Feb. 84:

Kuthumi and Michael channeling, Night Classes, Viola Neal, Little Fox, Anti Christ, Architect - Feb 84, Tucson

channeling

P. 6 Michael: "Jim, also, is beginning to serve this Light and this purpose well. Just this morning we gave him insight into certain instruments and he has begun to write them down although he does not understand what he writes ... it will be much the same as what was written in the past concerning Atlantean equipment that has been given to you by other sources."

"This is Little Fox ... I come from the spirit world to bring you a few words of information concerning your property."

P. 12 JEF: "Through Shaffica Karagulla and her contacts with Jim, ... we also know that lab work is ultimately going to have to develop ..."

JG: "It will be necessary in the future that this embodiment not be so tied down to one group or idea ..."

P. 15: JG: "Greetings, this is Cato ... at this time myself and a couple other masters are here in a conference room in Shamballa, not too far from this location ... he needs to find a way to come forth freely and not be so tied down to an organization or group of individuals of supervision"

P. 20 Foundation stuff "All of you are following the inner voice ..."

**** (33) 5-18-84 letter from Jim/Arch Angel Michael to John "and group" -- they want the Foundation to do research and have a clinic**

P. 2, par 3. "Has it not been said that there will be need of a center where the foundation can present ideas from all different areas of the healing industry and healing arts so that a new and higher level of healing might come forth? Has it now been said that a clinic might be necessary in order to test and perfect ways of healing, and then in this manner present them to the world? This implies research then along with the clinic.

P. 2, par 4. "Much of the research can and will be conducted elsewhere in the world, but eventually a place will be needed to bring these different areas of study and research together ...

Mystical Traveler mentioned for first time -- and Jim wants the IIL to be a better (wealthier) MSIA ... also Monday Night Group seems to get replaced by Core Group

(June 1984??? - Jim takes Egyptian Trip???)

****From here on out ... there is as much or more emphasis on forming ILM then there is with JEFF****

**** (34) July 84 From *Kwan Yin*. *Mystical Traveller* mentioned for the first time. And Jim helping J-R, and "it is now time to give birth to the spiritual organization ..."**

P. 4, par 3: "Be aware that the flow of light that comes down into the physical planes as the Inner Light Consciousness, or as the *Mystical Traveller Consciousness*, or as a sound vibration of sound and light, the holy nod, all of these expressions are one, and all of them are the divine love of god. ... The soul that manifested is beloved John ...

P. 5, par 3: J.R. is unable to handle all the great souls that are coming to him ... J.R. is drawing many more than he has marked for him. So it is time for yet another part of him, that of Jim, to come forth and take on those that are marked for God as well. ...

P. 7, par 1: Just as the Foundation had to be first drawn up on paper, be set about financially, and people began to think about what the next move would be, so it is now time to give birth to the spiritual organization ...

****One of the Most Important Series of Channelings****

(35) 10-30-84 In Tucson, **Jim channeling the Council of Masters of Inner Light, John, Core Group**

Jim asks for the IIL to get 10% of the monies

(35-b) Second Section (Labeled as (I(1-12))

P. 3, par 2: I, Jesus, have overshadowed this individual as a Master in another lifetime and have helped raise him up into the great light and glory of God. And now it is his time to help raise up others to that greater glory. This is the purpose of his life. This is his mission. ... And so we now try to bring to you through an individual such as Jim this greater light and truth that is God's ...

P. 12, par 2 (bottom) "The idea of the Foundation came from spirit. But the goal of the Foundation is to serve the physical universe. ...

P. 13, par 1 (2/3rds down). "... this Foundation needs the flow of light from its soul, the Council of Masters of Inner Light and other Masters who with to work with this., in order for the Foundation to have life and to continue its flow of service as it is meant to be. But in order for the Foundation to be successful, its focus must be in that '90% region' [the physical]. So it can not change its focus to be 50% physical and 50% spiritual - this would not work. **And this is why we are calling forward the idea of the Institute of Inner Light (IIL ... that is, ILM)

(35-c) Third Section, listed as III

'2nd' P. 5, par 4: " ... it can be done with the 10% that has been asked ... For the Foundation to do its work, it will take

the 90% ...

P. 7, par 2: BF: do you view the efforts of the Foundation .. as not being a spiritual process?

P. 7, par. 5: BF: is the development of instrumentation along the research and development effort a non-spiritual process?

It is a very spiritual process but it is a very physical one as well.

(35-d) Fourth Section, listed as IV- Cato

P. 4 (listed as P8), par 2: ****Concerning the finances of the Institute (IIL) itself. We are in agreement at this point. We feel that the money set aside for the Institute be free at this point.**

P. 4 (listed as P8), par 3: "... we prefer that you set the monies up in such a way that there is a freedom, a separation ..."

P. 4 (listed as P8), par 4: "... Take a look at the all that is the Foundation and give 10% of the all to God."

P. 5 (listed as P9), par 3, "... Give 10% of the funding process in the words back to God, within the Institute (IIL) and tithe to the God within the Institute (IIL) itself. Is that understandable?"

**** (36) 11-2-84 Again, In Tucson, Jim channeling AAM, the Council of Masters of Inner Light, to John, Core Group? (Bruce is there). Bruce asks questions about funding IIL, and whether Jim will write his book based on the Egypt trip (never written). And John says they'll give Jim the freedom to proceed ... and they talk about who'll work for IIL. JF asks about Shamballa, and the Founding Fathers, but doesn't get much of an answer...**

P. 2, par 5. BF: "I have a question with regards to Jim's current responsibilities with Inner Light Publications. Will Jim be given clear direction in order to finish the Egyptology book asks about Jim's Egypt book?"

P. 3, par 3. "The major stress within him concerns the fact that as he reads other materials and he looks at his own, he wonders if it is truly of quality to be presented to a publisher ...

P. 8, par 1. JEF: "we give him the freedom to move ahead. What we are doing here is most significant and most timely that it should happen during the process of this conclave that we are having ... With the coming of IIL... we must have come conception of how we will recruit adequate personnel to come to this, and I feel that it would require considerable help from your side in that those souls that must be identified in the initial stages and development of IIL should be made known to us ...

P. 8, par 2. "We are drawing around this body at this time within the Austin area a few people that could be dedicated to the service of IIL.

P. 9, par 3. JF: "On another level, as you well know this sacred place where we are here ... You gave us an explanation while we were here the last time concerning ... its relationship to Shamballa.

P. 10, par 4. "...the focus of Shambala in the area does place something of a role, but not that major."

P. 11, par 2. JF: "So it would seem to indicate that the destiny of the nation and the destiny that was started by our founding fathers, of which some of us have had a part ...

P. 11, par 3. "Yes, it is just a progression of the energy ...

(37) 11-3-84 Again, In Tucson, Jim channeling the Council of Masters of Inner Light, to John, Core Group. The Foundation and the IIL. ****The logo of IIL - the interlocking hearts (that's the ILM logo, basically)**

P. 4, par 3. "There will be major events taking place in the earth and much of the change will come through institutions such as the Foundation and the Institute we are forming today."

****P. 5, Par 1-2 "Enter through that simplicity that is God and you will find life simple, but if you take the simplicity from God and begin to build upon them with the mind of man, the complexities will build in such a manner that you will lose sight of God, and you will only have the complexities to look upon. ... SO when you become complexed in the mind and the emotions, realize that you are focused in the wrong light, realize that you need to move back into the center of the heart, into that focus of light that is God, and enter once again that simplicity and let the complexities melt away in that light that is the divine expression within. If you can do this, the foundation and the institute (IIL) and you personally will be successful in your endeavor to express God's love and enter into his conscious state of light and love. Whatever happens in the realms outside of God's light and love will only affect you in small ways, but you will still be focused in his light and love, and in that success shall come. Know that and trust that.**

P. 11, par 1. BF: "The first question deals with the logo of IIL as has been given to Jim in the past. Does this symbol represent the desired trademark of IIL? - the symbol of the intertwining heart?

P. 11, par 2. "... This is a symbol that would be very beneficial in the presentation of that which the Institute (IIL) would represent. For here you have the interlocking hearts ..."

****One of the Most Important Channelings****

(38) 11-5-84 Again, In Tucson, Jim channeling the Council of Masters of Inner Light, John, Core Group

****Foundation and Institute (IIL) - sisters, John accepts it.**

P. 3, par 2. This is why, John, you are here today. For you are the parent who will take the hands of the Foundation and the Institute, this brother and sister, these children of yours.

P. 5, par 1. JF: "You have given us so much that I know that the answers to most of things that we could even imagine or think about have already been given. Your anticipations, your genius, your love and your planning has been so self-evident that we never cease to wonder at the magnitude to the planning that has gone into this endeavor. We are glad to

be part of it, and we are glad that we are here in the initial stages where we can get things going and do the planning and see things begin to happen. It is my hope and my prayer that I will be here for sufficient time to clarify all the fundamentals necessary to develop these organizations so that they can go on and do the work and render the service that you have envisioned. I pray for strength, for energy, and for courage. I pray for wisdom and understanding. I think it's probably important that I enunciate thee things verbally, not so much as a question but as an affirmation toward the will that is ours to affirm. I thank you, dear ones, for raising up Jim and Bruce and Lynn and Lloyd and Chuck and all the others that are to come. I know that there are many more that are being prepared and will be ready when the need is there. I know you will carry us forward and I know there will be no vacuums along the way, for your love has been expressed and has been accepted. I only ask that I be true to the purpose, that I be kept intact. And I send my energy and my love to Rhea and to all the others. Bruce ... I'd be glad to turn it over to you. BF: "I too feel the importance of this and I thank you for the opportunity to be of service, to instill yet more love, joy and peace in this plane. I accept this responsibility and ask too that I be guided and that I in my growth stay on the path. ... Be with us and let me know that you are there. I ask this in the name of the Father. Thanks you for your love, and I send my love back that together we can bring about transformation with the highest good of all. Thank you.
